Welcome to the May 2023 newsletter

This will be a very brief affair as I am in Australia enjoying the sunshine. My spy's tell me its been raining for the last three to four weeks so there has been little or no flying going on. I see The Tuakau meeting was canceled four weekends in a row however I see the North Shore meeting is on this weekend. The recent Scale meeting at Matamata ended up finishing early because of the wind and the aerobatic event at Tauranga also ended early with wind.

Sunday June 25 will see yet another Tauranga auction so for those looking for a new model or engine or if you have something to sell this is the place to be.

Well that's it for this month apart from the following photos

F111 Swing Wing

F18 seen at the South Australian Aviation Museum Adelaide

AERO 145 this would be a great subject for a twin scale model

Tauranga Airshow 2012

- Strike Master
- Cessna
- L39
